We cannot live the past but we can record it for our memories. The growth and progress of our Alma Mater are a history of which we are proud. Late in 1891 the Reverend Chandler A. Oakes envisioned a state normal school at East Stroudsburg. He shared his dreams with Mr. Seeley Rosenkrans. A charter for the corporation was written, 315 $\frac{1}{2}$  shares were sold, and an eleven-acre tract was acquired. The Normal School opened its doors on September 4, 1893.

Stroud Hall was the nucleus with class rooms, training school, Chapel, dormitory rooms, library, post office, business office, game rooms, YWCA, and living quarters for several faculty members. In 1894 plans for new buildings and additions to the old were received including a kitchen, an annex, and a two-story front porch for Stroud Hall. Wayne Gym was dedicated in 1896; a Recitation Hall was completed in 1902.

More progress and more change ensued; new additions included Shawnee Hall, the Infirmary, the front entrance, a Model School, and a World War I Memorial (now named Julia, supposedly resembling a female Julius Caesar).

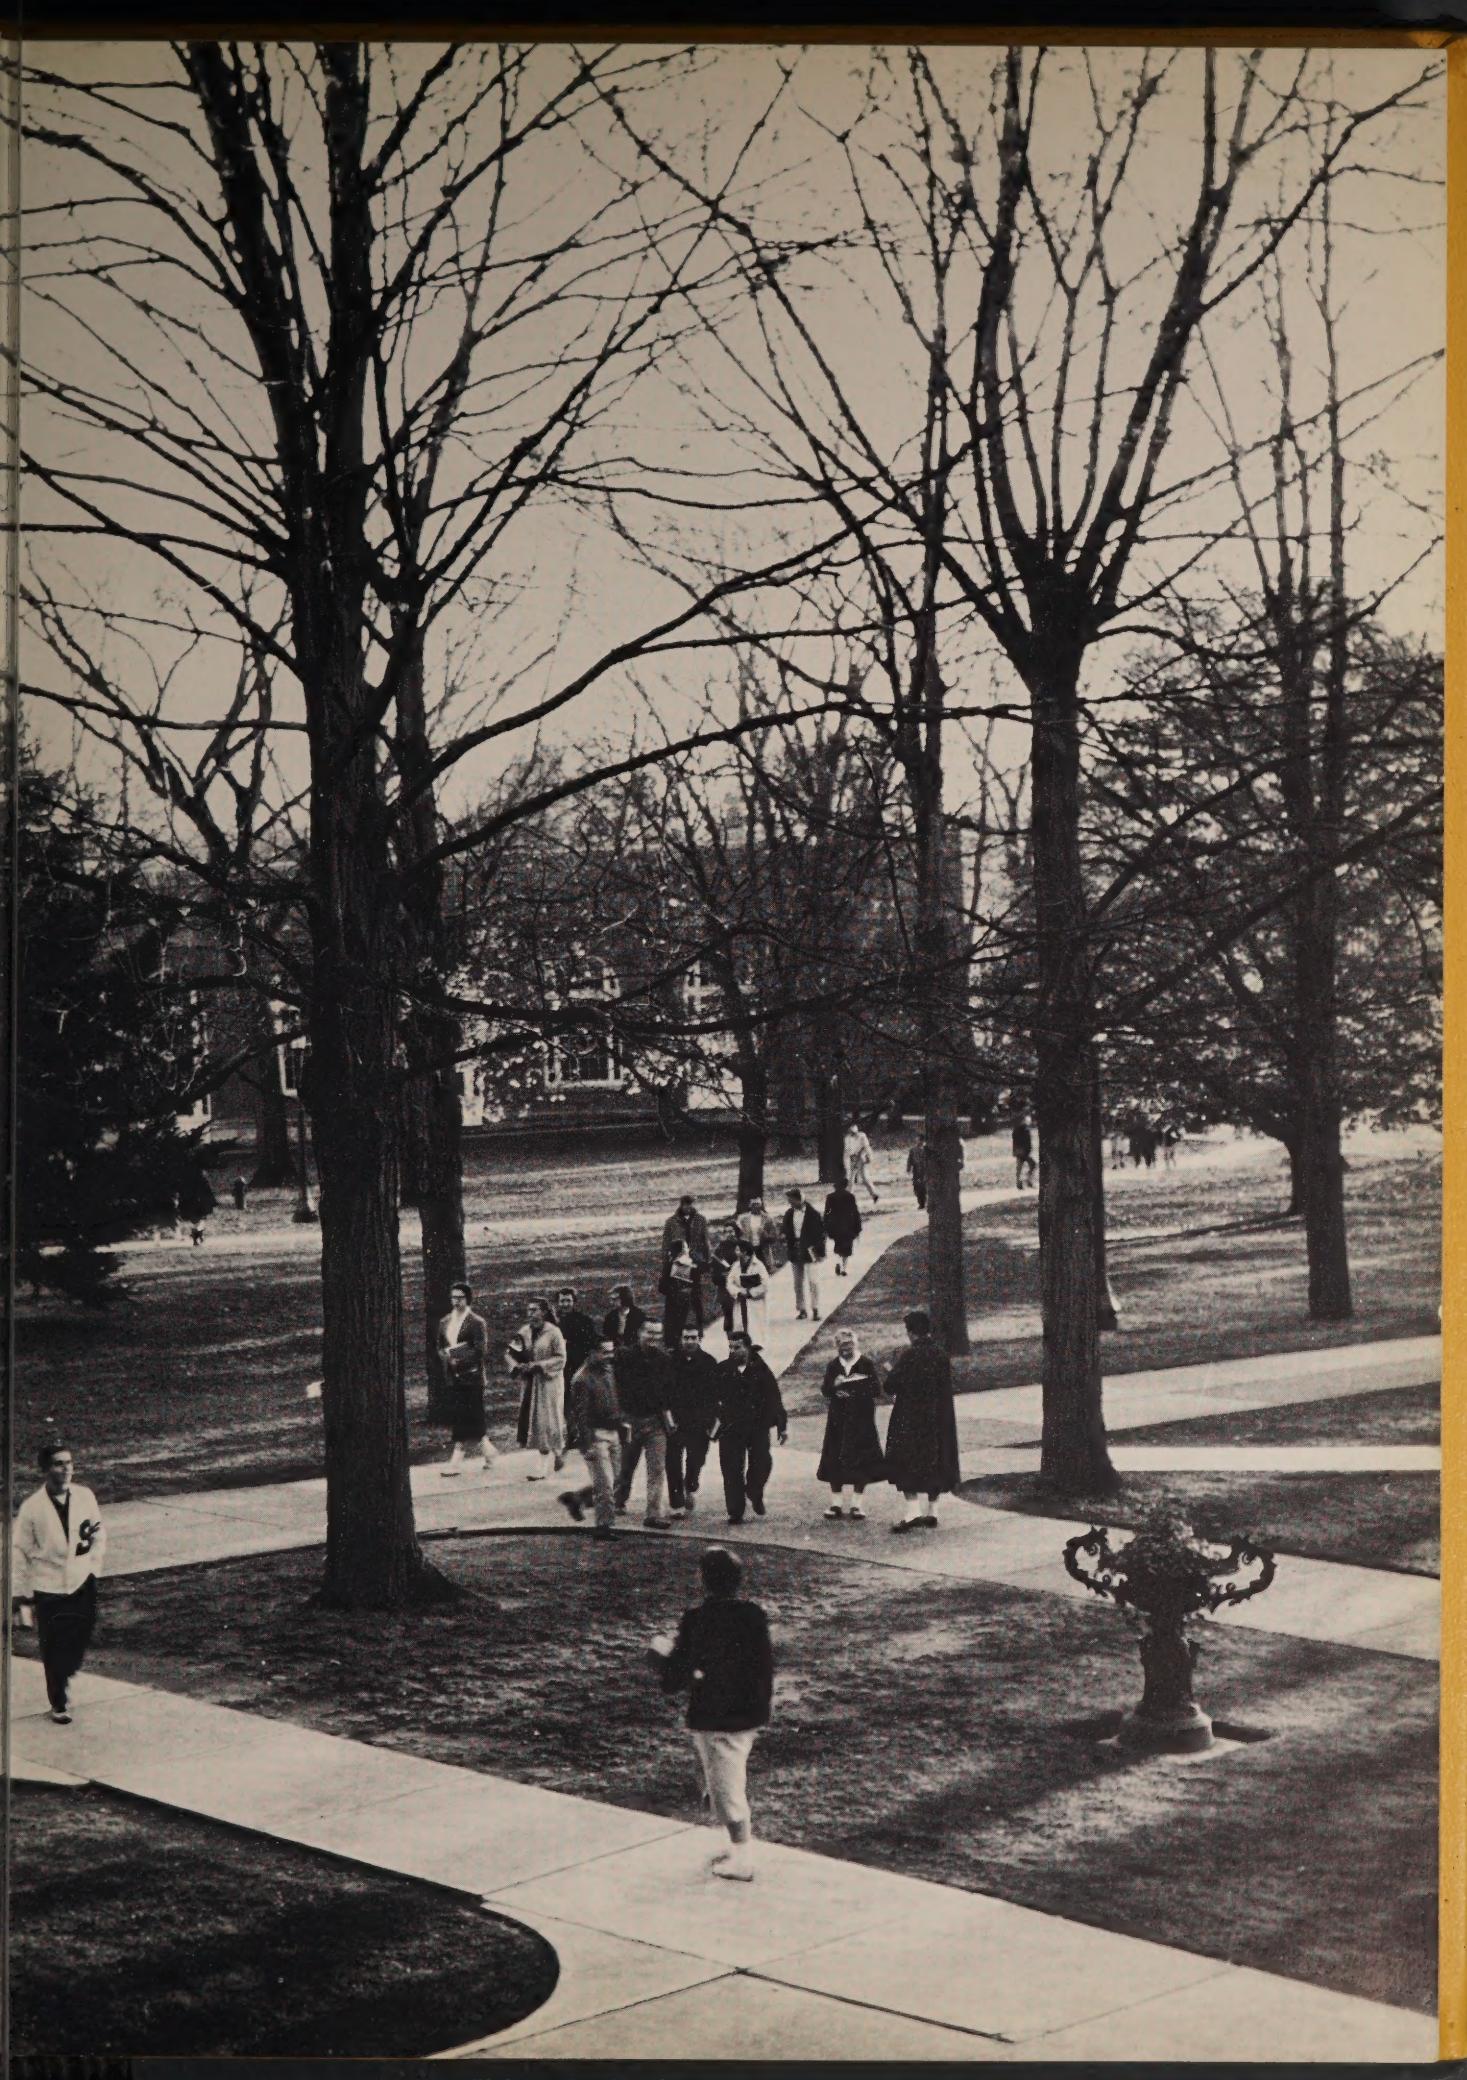

Rapid strides toward college status continued and in June 1926 the State Council authorized the School to confer two degrees: Bachelor of Science of Education and Bachelor of Science in Health Education. The Council renamed the School "The State Teachers College of East Stroudsburg" in June 1927. Four more buildings were erected in 1938: Physical Education Center, Men's Dormitory, Dining Hall, and Laboratory School. A new athletic field was also completed.

Since the 1943 Golden Jubilee many little stones have been turned, but in 1958 large rocks will shift with construction activity; for example, the proposed Administration Building and Kemp Library as sketched on the Front Cover. The above are memories and the proposed are dreams, both of and for our Alma Mater.

# *These familiar grounds . . .*

. . . recorded and perpetuated herein are all significant of CAMPUS 1957-58. The events enacted before the camera mirror functional activities and school government organizations, participating faculty and students, spirited Warrior teams, and enjoyable experiences in and out of the classroom. This edition of the 1958 STROUD, prepared by the Senior Class and designed to be a valuable memory of the Campus as we remember it, is a diary of our year.

"Progress is fostered by change, but not all change is progress." However, we feel that in our case we are experiencing both change and progress. East Stroudsburg State Teachers College has had appropriation and approval for a building program as of this year. Thus, as a service to students, faculty, family, friends, and above all our own memories we wish to solidify our experiences and take our campus with us. We are both at the edge of a new day — the CAMPUS pushing back its boundaries for increased enrollment and additional facilities, and the SENIORS stepping into a professional field for employment as teachers.

A "reunion or so from now" we anticipate the use of this, our '58 STROUD, as a valid source for "remembering when." Finish with us the end of this chapter of Stroud Campus which has stood as such basically since 1938.

Professor Irving W. Foltz

Every good  
wish to a  
charming  
lady *Sophie*

*C'est magnifique, mais c'est impossible! . . .* Impossible to record the experience, aspects and personality of our Mr. Irving W. Foltz on a single printed page.

Let us give you a cinemascope headline hop of his varied interests, achievements, and positions which have afforded him a fascinating life thus far.

Mr. Foltz has taught in high school, normal school, college, and university. From a teacher of typing he aspired to East Stroudsburg through varied channels: a teacher of typing, secretary to the President of a Bank, teacher of commercial subjects, director of Fur and Leather School, teacher at Ideal Business School, and a professor of Education at the University of Florida.

He came to East Stroudsburg in 1924 as principal of the junior high school and a member of the college faculty. He matriculated effectively through the years, first to Director of Secondary Education, 1940; then Acting Dean of Instruction, 1949; Associate Professor of Education, 1956; and finally Head of Department of Education 1956-1958.

Honors traveled in his direction. He has been included in "Leaders in American Education" since 1941 and "Who's Who in American Education" since 1945. Other honors include membership in Phi Delta Kappa, Intercollegiate Cosmopolitan Club, International House, PSEA, NEA, Rotary Club, Committee for Evaluation of Middle States Association of Secondary Schools and Colleges, Stroudsburg Male Chorus, and the Community Chest.

Mr. Foltz has many interests outside the field of education including music, athletics (Captain of High School and College Track Teams), cabinet work, and travel (United States, Canada, and Mexico).

The STROUD Staff and the Senior Class are proud to dedicate this issue to Mr. Foltz who graduates with us after serving us as Professor and also as senior class advisor since 1941. A healthy, happy, and "just-as-active" future to you Professor and Mrs. Irving W. Foltz.

A friend on campus, Mr. Foltz hustles across campus with two senior advisees.

At home with Mr. and Mrs. Irving W. Foltz . . .

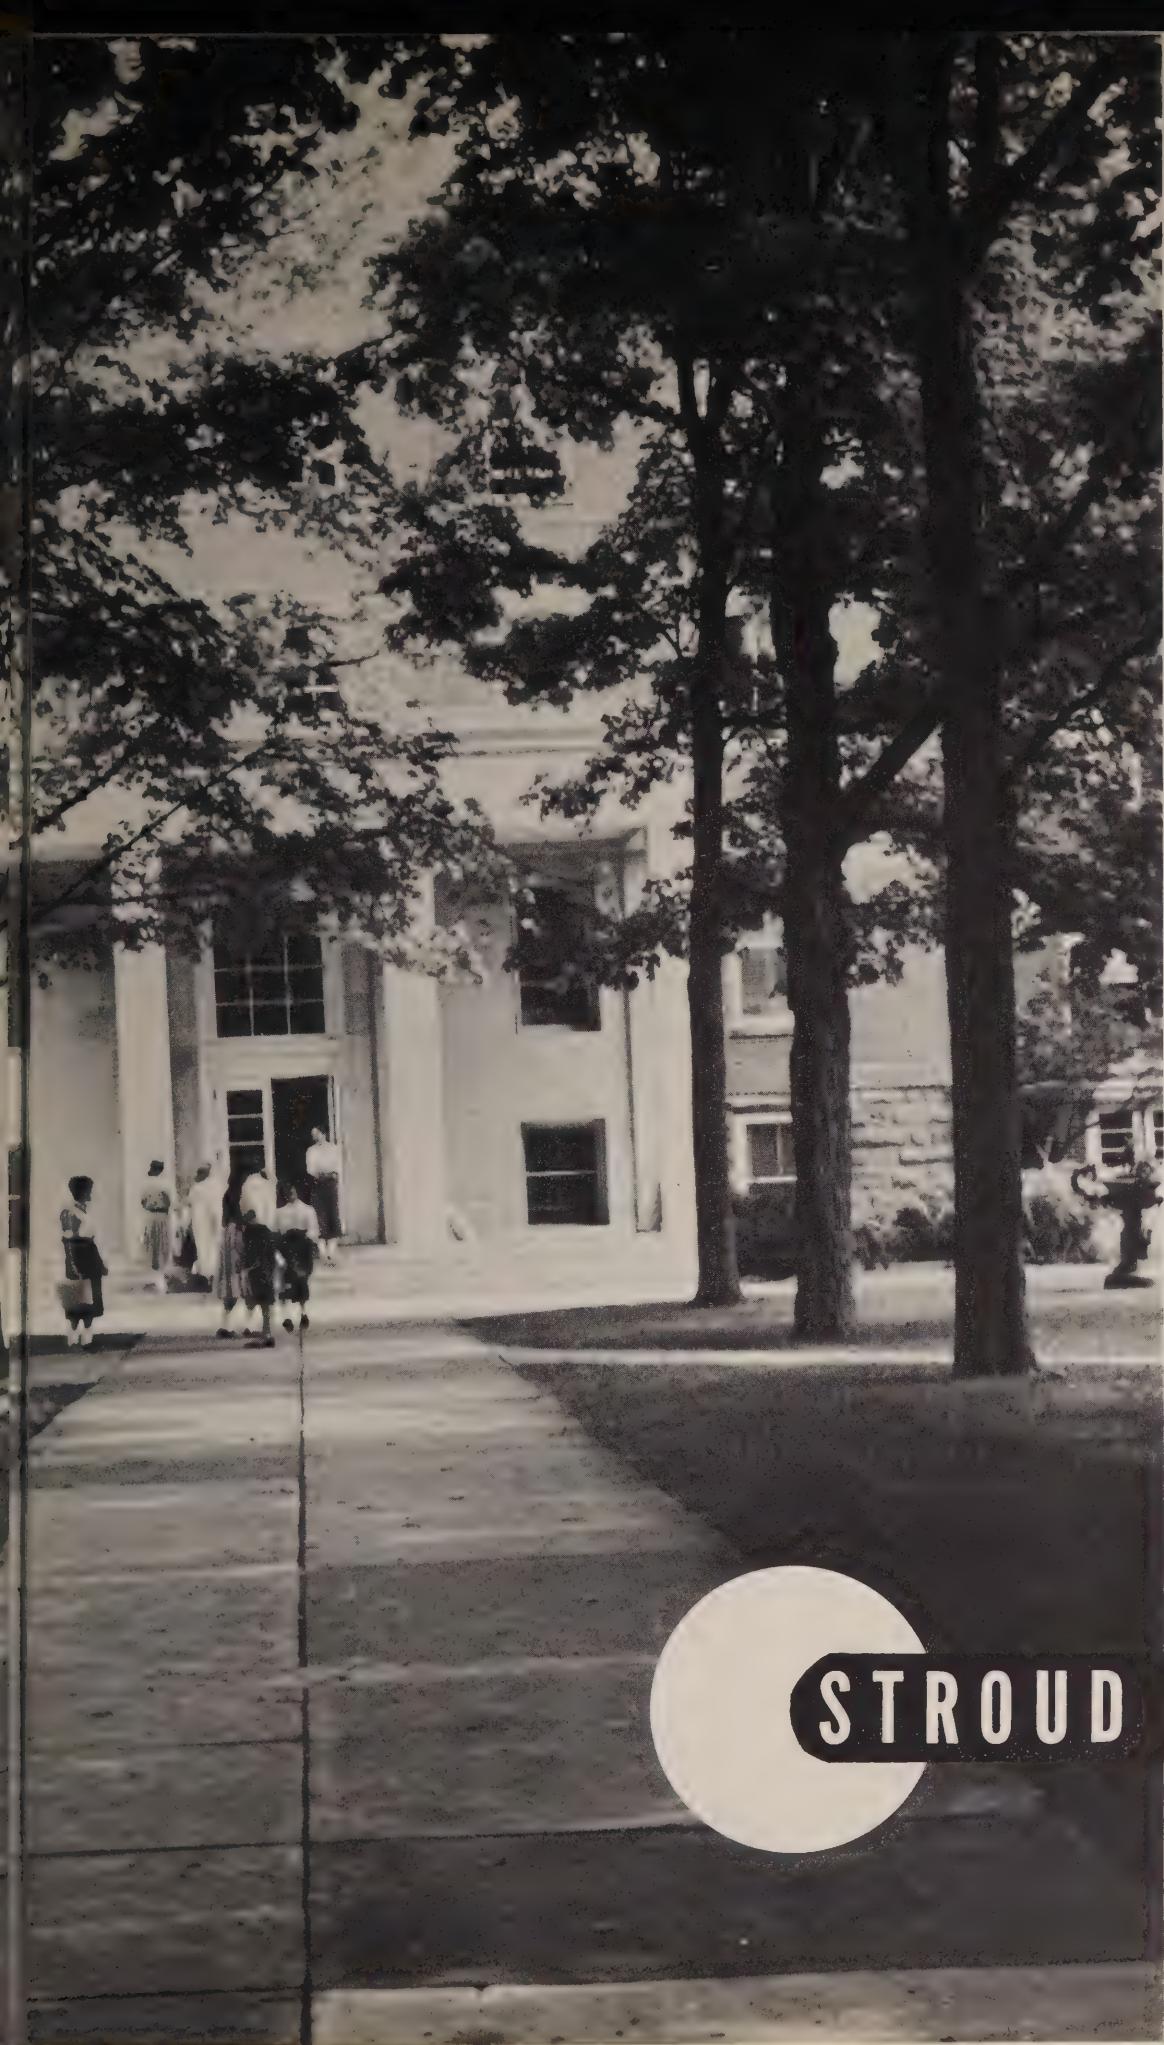

STROUD HALL is the oldest of the campus buildings—the nucleus of campus life. Stroud is still perhaps the most useful of the college buildings. It houses the President's office, the business office, reception rooms, the Co-operative Book Store, post office, and apartments for the Dean of Women and the Assistant Dean of Women.

The graceful structure, steeped in college tradition, is also used as a women's dormitory. Pleasant quarters for day-students as well as the College Library are situated in the Stroud. The latter is outstanding among State Teachers Colleges, having more than 45,000 volumes and 270 periodicals and scholarly journals. Conference and typing rooms are available for student work.

Stroud is located approximately in the center of the campus; its many functions has kept it through the years the busy headquarters of the college.

## ● WOMEN'S EXECUTIVE COUNCIL

Our Women's Executive Council is composed of elected dormitory and day student representatives who, with the Dean of Women, accomplish valuable and influential tasks and recommendations. Fostering happy relations and pleasant conditions among the women students is its main objective. As additional features the Council has been successful in securing extended night privileges, recommending reupholstering for the Quiet Lounge, planting dogwood trees and evergreen shrubs around the campus, and other numerous policies and procedures.

## Social Council

The responsibility for carrying out major social functions each year is the duty of the Social Council. These events include the annual Fall Reception, Homecoming Dance, Christmas Dance, Alumni Dance and Tea, and Wednesday night dances. A Homecoming Queen made her first appearance on our campus in 1957.

"O Christmas Tree," we gather together by candlelight to sing the Christmas Glory at the Annual Tree Lighting Ceremony.

## MONROE

MONROE HALL, completed about 1936, is a modern dormitory for men, located adjacent to the athletic fields. The architecture has a traditional charm; the rooms are large, bright and airy. The lounge and recreation rooms provide happy leisure time activity for residents.

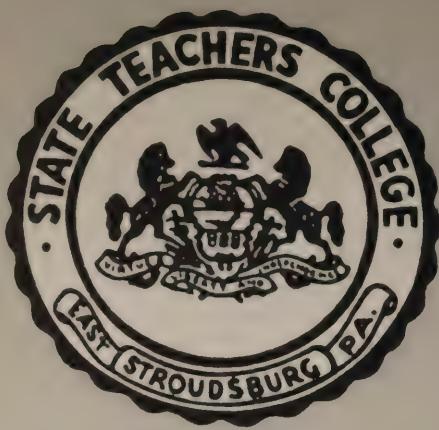

Shawnee Hall, completed in 1952, is the newest of the campus dormitories, located at the eastern edge of the campus. Fresh and modern, within and without, the building is extremely attractive and functional. Pleasant decor, and sunny rooms make the building a comfortable living place for male students. A basement lounge and recreation rooms, one with television, allow the students to engage in a variety of activities.

These two modern units keep ESSTC in pace with the trend toward truly modern living in colleges and universities.

# HONORARIES

# WHO'S WHO

*among students in American Universities  
and Colleges*

Each year special recognition is given to East Stroudsburg's outstanding students with nominations for membership in WHO'S WHO AMONG STUDENTS IN AMERICAN UNIVERSITIES AND COLLEGES. This year's twenty accepted members were selected by a special faculty committee on the following criteria: scholarship, citizenship, qualities of leadership, cooperation, and service to the college. Certificates are awarded to each member and the placement bureau service is made available to them. Being chosen for this organization is an honor, responsibility, and a challenge for the future leaders in their respective fields striving for a more peaceful world.

## KAPPA DELTA PI

KAPPA DELTA PI is an honorary educational fraternity which aims to encourage high professional, intellectual, and personal standards and to recognize outstanding contributions to education. Those juniors and seniors who have attained a cumulative quality point average of 2.2 or better and who have personalities combining leadership, service, and high moral and ethical standards are eligible for membership. Our local chapter of KAPPA DELTA PI, Gamma Xi has had four hundred ninety-one members since its organization. There are now thirty-two students and faculty members in the chapter. One of the main functions of KAPPA DELTA PI is the Dean's Tea which is given in honor of those students who have maintained a B average for one semester. In addition to bi-weekly meetings and special programs the fraternity holds an annual initiation ceremony and banquet.

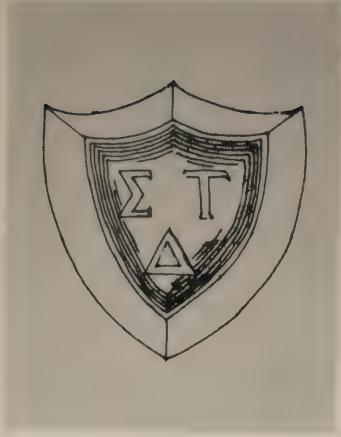

Tau Chapter of SIGMA ZETA is a national honorary affiliate in science and mathematics for those juniors and seniors who have achieved satisfactory achievements and scholastic standing in their field of specialization. In 1954 Tau Chapter was awarded the Founders Cup which is national recognition of chapter scholarship and related activities rather than recognition of individual achievement. Activities of this organization are selected to promote and foster the attainment of a knowledge of the sciences. Such activities include speakers of professional experience representing various fields of science. Participating students gain valuable knowledge from research, intensive study, conferences, industrial plant visitation, and the above mentioned speakers. Special assistance is offered to students in need of and in search of help and answers to problems concerning science or mathematics.

A national professional geography society, GAMMA THETA UPSILON, is represented on our campus by the Omega Chapter. Its purpose is to further advance geographic knowledge in the teaching field. Membership is open to those students majoring or minoring in geography and who have attained a minimum of six credits in geography with a scholastic average in that subject above that of the college average. The society promotes professional interest with trips to geographical conferences, illustrated lectures, and discussion topics pertaining to many branches of the field. The college geography department sponsors a geography conference each spring that is attended by students, in-service teachers, and leaders in the field. These activities are an integral part of the objectives to aid future teachers to do a more thorough and comprehensive job in their teaching of geography..

## GAMMA THETA UPSILON

ROW 1: Haggenbach, Spurway, Dr. George Creveling—advisor, Farrugia, McGraw, Crookham, Herd, Rogers, Frantz.

SIGMA TAU DELTA, a national professional English fraternity, is one of the newest and most rapidly advancing organizations on campus. The purpose of the Delta Chapter is to promote the mastery of written expression, encourage worthwhile reading, advance the study of literary masterpieces, and to foster a spirit of fellowship among students specializing in the English language and literature. The activities engaged in by the members, chosen on class status and professional interest, are many and varied. The over-all program provides speakers, panel discussion, readings of original creative writings, illustrated lectures, and annual trips that have created interest in this third-year society. Increased membership and unique future events are the aspirations of this society which merits recognition as one of the finest campus organizations.

## ALPHA PHI OMEGA

Former Scouts of America whose purpose it is to develop friendship and promote service to the college and community are included in the membership of ALPHA PHI OMEGA. Delta Upsilon, the local chapter, includes in its service to the students and faculty the directing of traffic during Homecoming and Alumni Day and at various education conferences. They also sponsor an "Ugly Man" contest placing the proceeds in a special fund for future purchases. Sponsoring a blood drive in co-operation with the Monroe County Red Cross is a service directed to the youth and community. The members benefit from these services by having an opportunity for leadership, and responsibility in chapter operations and fellowship.

Established on the campus of East Stroudsburg in 1945, Iota Omicron, the local chapter of ALPHA PSI OMEGA, is an international honorary dramatic society. Membership requirements must be met for both the national constitution and that of the local chapter. A candidate must also have satisfactory scholastic standing, interest in and appreciation of dramatics by doing a high standard of work through the Mask and Zany Club. The purpose of ALPHA PSI OMEGA is to develop dramatic talent and the art of acting, to foster cultural values, to cultivate a taste for the best in drama, and to unite the dramatic forces of all colleges and universities. Some of the activities the Iota Omicron chapter sponsors on our campus and in the community are two three-act plays, a Christmas Pageant, and New York theater trip, and several radio plays.

SEATED: Kathleen Najaka and Miss Helen Brown—advisor. STANDING: Francis MacManus, Susan Zepp, Marilyn Hesch, and Pat Allen.

Co-ed activities are the chief aims of the Recreation Council. To provide unique, interesting, and varied activities for the students brings reward for the Council's tireless efforts. Dormitory movies, roller-skating parties, co-ed championship tournaments, and Christmas caroling are all organized by the Council members and advisor.

Advised by Mr. Earl J. Sluter this organization with two hundred seventy members who live in or near the Stroudsburgs has its college location in Shawnee Dormitory. Annual outings, supporting local drives, and improving day-student campus facilities are a few of its numerous functions.

## Men's Recreation Association

ROW 1: Mr. John Eiler—advisor, Schwartz, Stefanides. ROW 2: Butts, George, Greenwood.

Composed of all men students in the college, the purpose of the organization is to form and motivate recreation, interests and hobbies for all men students. Along with the Women's Recreation Association, the MRA sponsors roller skating, picnics, square and round dancing, ping pong tournaments, checkers, chess, bowling leagues, and interdorm athletic games.

Richard Erwin, student help, serves the hungry throng from the grill and freezer in the Snack Bar. Many take time out from co-ed bridge, checkers, and pinochle to "holler" an order before the ten o'clock curfew for the women students.

In answer to a Student Union the college has set up the Snack Bar. It is located in the lower level of Shawnee Dormitory. The area includes a TV Room, Projection Room, Conference Room, fountain and grill room, and a lounge for reading, pinochle, bridge, checkers, and general socializing.

# INFIRMARY

Miss Loretta Biggs, registered nurse, in charge of the Indian Queen.

A "popular" building on campus this year was the Infirmary. All thanks are due the Asian Flu or its equivalent. The nurses held fort there and in the three dormitories when the infirmary space became filled to capacity. However, the effects of the flu were slight in comparison with the sudden and sad death of the college physician, Dr. Flagler.

Miss Spargo, registered nurse in the Infirmary, checks Ron Himmelberger's temperature for flu symptoms.

Government of the men, for the men, and by the men—this is the Men's Executive Council. Comprised of the two presidents elected from Monroe and Shawnee Dormitories, and a representative of the Day Students, the Council functions to regulate dormitory policies, provide facilities for men residents, regulate freshman rules, and host the annual dormitory party. The Men's Executive Council perfects a well-governed campus life for men.

OAKES HALL, still called Recitation Hall by "old grads," is the main instruction building of the campus. Within its ivy covered walls are many classrooms and the Office of the Dean of Instruction. The building also houses the science laboratories.

The old edifice was named for Reverend Chandler A. Oakes, former pastor of the East Stroudsburg Presbyterian Church, who first conceived the idea of locating a teachers college here. Oakes Hall, completed in 1902, is the third oldest building on campus. With its atmosphere of learning, Oakes still stands as a symbol of the often underestimated struggle won by the determined founders to provide the Stroudsburgs with an institution of higher learning.

Student government at ESSTC is the product of the Student Senate, which is composed of a president elected from the student body at-large, four representatives elected from each class, and three faculty members. The various regular duties of the Senate include review and audit books of student organizations, conduct elections for the various councils, allocate money to councils, and make expenditures for capital purposes.

The purpose of the Student Senate is to promote personal and group responsibility and strive to attain the betterment of the student body and the college as a whole.

This past year the Senate has undertaken the tedious task of revising the Constitution of ESSTC. The purpose underlying this work is to keep up with the latest campus trends.

In accordance with any other legislature the bulk of the work of the Senate is delegated to committees: the committees are Budget, Elections, and Extra-curricular.

Student Senate advisors are Dr. Francis B. McGarry, Mr. Jonas T. May, and Dr. James Reed.

## Publications

At registration time each student is provided with a college Handbook, referred to as "freshmen's bible." This is the product of the Publications Council, edited and published by the journalistic minded members. Each class elects its representative to the Council, other members are the co-editors of the college newspaper, the Stroud Courier. Funds to finance the publication of each edition is allocated by the Council.

A final and very important function of the Council is the approval of each member-elect or member-appointed of the STROUD Staff for the coming year. Advising the Council are Dr. T. Edward Terrill, Head of the English Department and Mr. Paul Crawn, advisor for the Stroud Courier.

### Publication Council

SEATED: Mr. Paul Crawn and Dr. T. E. Terrill—advisors. STANDING: Bolles, Jarrett, Zoolkoski, Widitz, Rogers.

ROW 1: Benner, Renaldo, Popoli, Murray, Naismith, Velella. ROW 2: Boyle, Unger, Jarrett, Lacey, Cunningham, Kerber, Transue, Ruggiero. ROW 3: Hutchinson, Smith, Brown, Rapella, Rogers, Bykofsky.

This, our college newspaper, is published five times each semester by a staff selected from voluntary applicants. A file of the paper for any year will provide the reader with a history of the college for that year. Membership to the Courier affords the opportunity to gain practical experi-

ence in the field of journalism, and will also prepare students for the advisorship of a school paper. The Stroud Courier is a member of the Columbia Press Association and has received a first place award for several years in its class.

## Blue Pencil Club

ROW 1: Koloski, Murray, Verdini. ROW 2: Cardoni, Zangi, Carpenter, Kochmar, Kishbaugh. ROW 3: Dr. T. E. Terrill—advisor, Smith, Barleib, Burkett, Mood.

Literary enthusiasts find an outlet for their aspirations by participating in activities sponsored by this Club. In keeping with its primary purpose of promoting interest in good literature, the club engages guest speakers, conducts a creative writing contest, and plans programs and discussions about the finer points of literature.

## Le Cercle Francais

ROW 1: Papoli, Verdini, Boyle. ROW 2: Dr. R. B. Kistler—advisor, Weber, Scrak, Lutz, Neseth, Nodovici, Williams, Poorstra, Williams.

Conducted for students of French, Le Cercle aims to give further practice in hearing and speaking the French language and to develop knowledge and appreciation of French thought and culture. One of the highlights of the year is a trip to New York City.

## World Outlook Club

ROW 1: Mecca, Crum, Boyle, Carbone, Fretz, McCandless, Dreisbach, Rapella, Sabitini, Sluck. ROW 2: Stanat, Marino, Malocsay, Borger, Wittnerbrader, Schwartz, Stanulis, Martin. ROW 3: Bet, Renaldo, Matino, Welebob, Butts, Reynolds. ROW 4: Knorr, Smith, Salmi, Crookham, Welebob, Navin, Boyle, Mr. Smyser—advisor, Patti.

Current national, international, and local issues provide members of this club with a wealth of topics to be discussed in their meetings. Panel discussions, debates, and outstanding guest speakers in the field of history or social science add variety to the programs.

## Euclidean Club

ROW 1: Secula, Fiske. ROW 2: Shan, Persol, Hartman. ROW 3: Hornbeck, Cook. ROW 4: Rufus, DeNichola, Caldwell. ROW 5: Martz, Patti, Koch. ROW 6: Mr. Jonas T. May—advisor, Reyda, Reichard, Illingworth, Evans. ROW 7: Karnish, Prevost, Styler.

Students of mathematics who enjoy the challenge of numbers, signs, and symbols are members of the Euclidean Club. They participate in discussions, trips, and various programs designed to create wider interest in mathematics as well as to reveal and appreciate its worthwhile application to daily living.

## Putter 'n Paint Club

ROW 1: Mr. George B. Johnson—advisor, Stanulis, Johnson, Reynolds, Eigler, Barnard. ROW 2: Boyer, Whitenack, Corey, Lutz, Wannamacher, Gelatt, Wolstenholme, Protz, Sherwood.

An art club for students interested in arts and crafts is the essence of Putter N' Paint. A trip to New York generally augments the art culture of the club. Bi-weekly programs include workshops and meetings in which students test their talents with varied materials.

## Nature Club

ROW 1: Mr. William Martin—advisor, Messinger, Guzzi, Sommers, Marrington, Tancredi, Grant, Garahan, Smith. ROW 2: Reyda, Sekela, Wolbert, Caldwell, Hagus, Martin, Hutchinson. ROW 3: Reichard, O'Donnell, Seris, Slutter, Cook, Hahn, Bet, Hanne. ROW 4: Karnish, Smith, Chase, Crum, Lee, Alexander, Martz. ROW 5: Forni, Regina, Rymon, Chamberlain, Perch, Gardner, Krafchick, Brewster.

Students interested in the wonders of nature are welcomed to this organization. This club strives to present whole-hearted participation in educational activities and it is motivated by films, seasonal trips, and various guest speakers affiliated with specific phases of outdoor life.

THE CAMPUS ELEMENTARY SCHOOL is an extremely well equipped training school for the kindergarten and the first six grades. The school provides the finest possible experience for ESSTC's elementary candidates. The advantages for the students of the school are great also, as the youngsters are continually confronted with new ideas, new faces, and the youthful enthusiasm to match their own.

In pleasant surroundings, modern educational ideas and methods are employed, providing excellent opportunities for student-teacher observation and practice. An outstanding part of the school is the growing children's library of more than 4500 volumes, carefully chosen to please the tastes and fill the needs of the youngsters.

Also included in the building are many rooms which are used for visual aids, educational and child psychology, speech, and professional conferences. The laboratory school provides an invaluable workshop for students of the college. Its aims: better elementary teachers and the greatest possible educational growth for our children.

## Association for Childhood Education

Commonly called ACE this club invites those students interested primarily in the elementary phase of education. The meetings bring to the members professional educators, psychiatrists, student teachers, and student panels. Valuable ideas, plans, and philosophies are gathered from the available ACE Bulletins. As a service project this group aids the faculty in preparing for on-campus conferences.

*Student Teaching*

All students look forward to the culminating experience of student teaching. With the aid of the supervisors, the student teacher is not at all alone. After a short time the student teacher realizes that he has many friends in the profession. He then relaxes and is well on the road to a successful teaching profession. This experience, with its profound results, tends to help the student realize that the knowledge he has gained during the past three years is the best training for a career of teaching. The supervisors and cooperating teachers are the people who guide the student teacher on the correct path. The goal is seen in the distance and the devoted student teacher strives to attain it.

# THE STUDENTS WILL LEARN

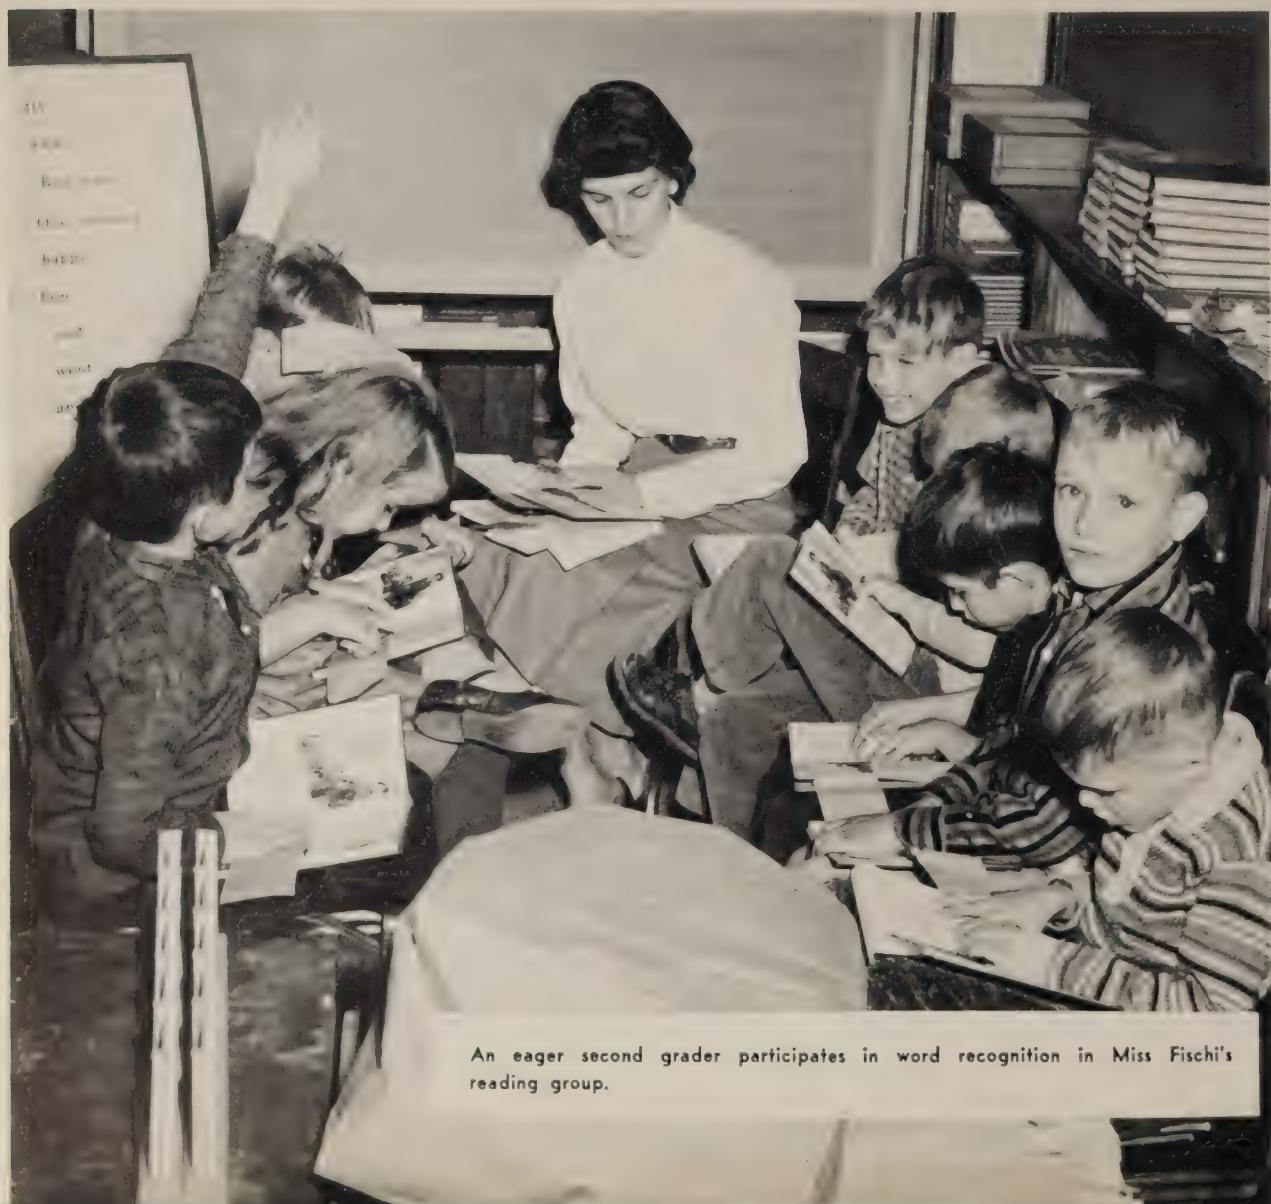

## to think for themselves . . .

An Elementary teacher holds an important position in that he molds the foundation of the citizens of tomorrow. His responsibilities are great; reading, writing, and arithmetic are not the only subjects which must be taught. The elementary field is wide and include art, music, and citizenship which are as important as the fundamentals. The grade teacher, more than any other, inspires the child to learn. He is placed on a pedestal and they hold fast every word he speaks. Harassed, often, by the child's inquisitive nature, the teacher stands firm and fosters the ability of expressing one's ideas.

During supervised play, the children receive the basic ideas of sportsmanship from the physical education teacher. These children are our hope for the future. With them, through good training by successful elementary teaching, we may discover peace in a troubled world.

Sally shows Mr. Wagner the mountains in California via the visual aid in a fifth grade geography class.

## and to gain the best from others' knowledge

Miss Rider reviews a few pertinent space facts without "sputniks" prior to a quiz.

Mr. Dunning, coop teacher and college prof, and Mr. Ainspac delight the class with records of French Christmas Carols.

Sophomore biology students explain the parts of a flower to Miss Potter.

A ninth grade panel prepares to portray historical characters as Mr. Hall questions the class.

"Jump-ball," calls Miss Podlaski to her senior high physical education class; referee, Miss Smith, watches for fouls and play procedure.

Secondary and Health and Physical Education teachers work together to build the sound minds and bodies of high school students.

In the gymnasium the students continue to develop the characteristics of good sportsmen and coordinated bodies. Through lessons in the health and physical education classes they acquire skills and knowledge which will be valuable to them as adults. They learn cooperation with superiors and peers.

In the classroom the specialized secondary teacher prepares the future statesmen, scientists, carpenters, machinists, and professionals. The teacher must also be an example good-citizen, friendly and pleasant, and must provide an atmosphere in class and clubs to encourage the students to fulfill their capabilities. Community work and added school duties are means of achieving these goals in addition to actual classroom situations.

Ceramics is only one phase of the Arts and Crafts course offered, especially interesting to elementary majors; Mr. and Mrs. Wentz designed an object for the January art exhibit.

THE COLLEGE GYMNASIUM, since 1941, has been available for all activities necessary for the excellent athletic program of ESSTC. The building has been exceptionally well-planned for its many purposes.

The entrance lobby is well supplied with trophies and to the right of the lobby there is an equipment room for special work with small groups. To the left of the lobby are the offices of the department director.

The building has many shower and locker rooms, two for home teams, two for visiting teams, two for the department, two for male and female students.

The second floor houses classrooms and offices. The large floor for indoor games and health education classes is flanked by folding bleachers that will seat fifteen hundred spectators. The building also contains a 35 x 75 foot swimming pool.

## Athletic Council

Left to Right: Kathy Horracks, Miss Genevieve Zimbar—advisor, Theresa Dluzeski.

Representatives from the four classes and faculty advisors comprise this group. The Athletic Council's purpose is to determine policies which affect the athletic program, approve expenditures, prepare annual budget, and approve recommendations for varsity letters which are awarded at a special assembly in the spring to deserving team members, cheerleaders, and team assistants.

Each athlete on Normal Hill strives to win his Varsity "S" letter. The privilege of joining the Varsity "S" Club is also bestowed on these letter winners. This organization fosters good sportsmanship among the Warrior and Warriorette teams. Club projects include selling programs and concessions and sponsoring a spring variety show.

# Warriors . . .

Highly skilled and seasoned veterans constituted the 1958 basketball squad. The nucleus of the team had been playing together for the past four years, one of the factors that contributed to their fine performance as a team.

Dr. Richard H. Luce, coach, developed the basketeers into excellent condition and winning consistency in his first year with the squad. The "Big Red" produced one of the most exciting games played on the ESSTC court by tying our big rival, West Chester, in the closing seconds. It took the Rams two thrill-packed overtimes to come out on top.

Charley German, the high scoring co-captain and All-State Center, has given spectators the most exceptional performances of basketball ability on Campus in the past three years. Charley has been cited by all as a great athlete and fine sportsman in every respect.

Next year's squad will feel the loss of such fine basketball performers as Carl Weigner, Charlie Stauffer, Steve Oliveri, Mike Sentelik, Jack Burke, Charley Galambos, and Dewey Troutman.

Many mighty shouts are heard during the game as we returned the cheers to these lassies, rewarding them for a well-played game.

Senior stars Nancy Behney, Ophelia Ensor, and Carol Sue Underwood shared the honor of being co-captains of this year's team. Coach Mort Hochheiser met a host of fine basketball ability at the beginning of the season. As a result he was able to build one of the strongest Jayvee teams in the history of the college. The statistical record proves their invulnerability.

Many of these fine players will be seeking a berth on next year's varsity squad. Endurance and exceptional ability in unit-playing were their two strongest characteristics, assets to any squad.

## Gym Team

"And now the program will begin . . ." familiar words to the members of the gymnastic team after smoothly performing twenty-eight exhibitions throughout Pennsylvania and New Jersey, under the direction of Mr. Edmund Shay and Miss Mary Whitenight.

A free-hand calisthenic drill performed by men and women and a triple balance act were the new numbers added to the list of specialties. Wands, Indian clubs, apparatus movements, dances, and a clown act made the gymnastic team a well-known exhibiting group in secondary schools throughout the Middle Atlantic States.

ROW 1: Kressler, Spencer, Troutman, Masters, Taggart, Williams. ROW 2: Keller, Stauffer, Sharkey, Mich, Naegle, Furler, Burns. ROW 3: Mr. J. Frank Grimm—coach, Black, George, and Bozzelli.

Coach Frank Grimm's tankmen faced one of the toughest schedules in the team's history, including such highly regarded teams as LaSalle, West Chester, Long Island, and Cortland. The teams worked at the building-up process initiating and utilizing many freshmen candidates in this year's meets.

Roy Snyder and Toby Naegle, who have given campus spectators thrilling performances, returned for their last season. Other returning underclassmen are Jay Keller, Leroy Spencer, Jerry Sharkey, Jim Troutman, Ray Kressler, and Dick Black, champion diver. These aquamen exhibited fine ability and will be a great asset in future seasons.

Burns and Kressler beat the clock in a time trial backstroke.

Champion diver, Dick Black executes a six-point dive.

## Wrestling

Take-down, half-nelson, and pin characterize the ESSTC grapplers. Coach Ockershausen, a few veterans, and six freshmen opened a very challenging varsity season.

One of the more thrilling moments of the season was during the CCNY match. Bob Piatt, returned to the team recovered from an early season injury, climaxed the match in a two-minute pin.

After a year's varsity experience, the 1958 returnees show promise of a victorious season.

THE ATHLETIC FIELD is located to the east of the Gymnasium. The field has adequate bleacher room and a refreshment stand. This field makes a happy weekend scene when jammed with spectators cheering the black and red to victory.

The soccer field has been moved to the rear of Wayne Gymnasium, and handball courts and eight new tennis courts are now available.

The physical education department has increased and multiplied its facilities through the history of the college. ESSTC now holds state recognition for its fine physical education department and with the present national acceptance of the importance of this phase of education, ESSTC is in competition with the best.

Eight lettermen from the black and red reported with a team for mid-August practice. Coaches Martin and Ockershausen planned for and practiced with new material with the result that a number of freshmen saw many quarters of action during the season.

In the opening games the Warriors captured two impressive victories. On the road, Shippensburg's Red Raiders became our Waterloo. Later, many happy Homecoming spirits were dampened when the Martinmen trailed Lock Haven 16-6 at the final gun. A cancelled Mansfield game and two weeks to recuperate from the "warning flu"

brought the Warriors face to face with "the Big Rival," West Chester. The result of the game was overpowering and heartbreaking with a 34-0 score.

On the road again, the black and red picked up a rousing win and a hard-fought tie to end the season.

Jim Oplinger, our four year quarterback, was honored in the state selections by being elected to the State Teachers College first team and the All State third team. Charlie German, in end position, received Honorable Mention.

## SOCER

Coach Eiler, the team, and student body met the 1957 opening of the season with great expectations. Ten lettermen reported for the team with the prestige of being on the squad voted the Outstanding Team in the Middle Atlantic States in 1956.

Narrow-margin defeats claimed the first three games, but when a revengeful Brockport Team stormed Normal Hill, the Warriors exhibited great ability with a spirited Homecoming defeat. Following, in close order, a well-played tie, two defeats, and a heart-breaking loss to Elizabethtown squelched the possibility of a winning season.

Outstanding players who deserve much credit for their ability and sincere service to the team are Co-captains Paul Zintel and Craig Leatherman, Gerald Davitt, Billy Maioriello, Howie Staeger, Dick Lamey, Dick Ervin, Jerry Coughlin, and Bosh Miller.

Paul Zintel, team co-captain, brought fame to the ESSTC campus by being selected to the All Eastern States Regional first team.

Howie Staeger, high scoring center forward, with educated feet, dribbles away from Brockport chargers.

"Everywhere we go, people want to know who we are; so we tell them . . ." We are the Warriorettes, achieving the second consecutive undefeated season for the Red and Black.

Inspired by Coach Katherine Griffith, the team also brought honors by having Pat Zerbe, Carol Sue Underwood, Helen Abrams, Carolyn Emery, and Nancy Andrews participate in inter-district competition for All-American positions held at Vassar College.

Reluctantly the seniors leave their uniforms behind, but the promising underclassmen eagerly await their chance to carry on the Warriorette Tradition . . . mighty, mighty Warriorettes!

The 1957 Baseball Squad acclaimed fame for the ESSTC campus by capturing the State Teachers College Championship in their first year of league competition.

Coach Ockershausen and his assistant George Pearson attribute much of the season's success to the eleven returning lettermen. The most outstanding game of the season to be remembered was "Butch" Hartman's attack on Trenton STC\* in a brilliant display of invulnerable pitching for thirteen innings yielding only one run.

The most devastating mark on the Warrior's record was Kutztown's last inning rally of seven runs. Other strikes against the team's record came from Panzer, Trenton, and Wilkes.

Outstanding performance of individual talent came from Jim Oplinger's invincible right arm, and Jerry Keyser's and Walt Jubinski's hitting and fielding ability. A fine 1958 season is anticipated with promise of Bosh Miller and Dick Zimmer and many lettermen returning for spring practice.

Morgan and Staeger hide West Chester runners claiming first and second in the 100 yard dash.

Recapturing the luster of previous years the 1957 track team turned in a fine record of four wins and one defeat. The relay team took a sixth place in the Penn Relays running against outstanding teams in the state.

West Chester proved to be the only obstacle for an undefeated season. Outstanding strength, ability, speed, and endurance captured the next four games for the cindermen, the last being an impressive victory over Bloomsburg, a highly regarded team.

Outstanding individual talent was displayed by Captain Larry Morgan, who captured first places consistently in the 100 and 220 yard dashes; Carl Weigner, mile and two mile; John Sellers, broad jump, 220, and 440; Andy Gall, 440 and 880; Howie Staeger, 100, 220 and 220 low hurdles; Ed Adams and Charley McComsey, weight department, and Paul Kierstad, pole vault event.

The "Racketeers" of Coach Frank Grimm completed a very impressive and highly successful 1957 season with a record of six wins and one defeat. The winning consistency of such talented and experienced veterans as Co-Captains Karl Mahle and Craig Leatherman, with Ted Roscher, and Denny Gribben contributed much toward the team's fine record.

A Brooklyn Polytechnical Institute team of precisioned tennis abilities proved to be the only team to squelch the Warrior winning streak.

Victory! one of the last cries of the Seniors: Barb Hendrie, Sandy Wertman, and Dorie Weyand.

"Are you ready? Let's go!" Our enthusiastic cheerleaders are always ready to guide the spirit of the student body into boosting the morale of the Normal Hill teams. Along with the many new cheers and songs, these eight lassies helped to initiate the West Chester bonfire, an unusual event preserved now in our memories.

When asked if you are ready, join the cheerleader's chant, "Go, Big Red!" and help encourage our teams on to victory.

Game co-captains, Rich Merkle and Charlie Brayford, accept the football from Queen Rosemary to start the annual Homecoming Day football game.

Something new in 1957: the first Homecoming Queen of ESSTC was crowned at the Friday night Pep Rally-Parade to reign at the Homecoming Festivities, Saturday, October 12, 1957. Seven girls were selected by process of elimination to compete for the crown; the contest was sponsored by the Men's Executive Council with voting open to the entire student body. President Koehler crowned the Queen, Miss Rosemary Lobb. The Court consisted of seniors: Jane Romani and Sandra Wertman, juniors: Patricia Arasim and Peggy Norman, and sophomores: Sylvia Dallmeyer and Gladys Shelley. The day's activities at which the Queen and her Court reigned included a soccer game, football game, and the Annual Homecoming Dance.

Another innovation at the Homecoming events was the presentation of Bicycle Unit #1 by the Class of 1957. The gift was a follow-up of President Eisenhower's Youth Fitness Program and the appearance and lecture of Mr. Shane MacCarthy at the 1957 spring Health Education Conference on campus.

THE COLLEGE AUDITORIUM has a seating capacity of one thousand. Plays and other forms of entertainments are performed on the stage; dressing and property rooms are located downstairs. The instructor of music also has his office in this building.

Conveniently located with plentiful parking space, the Auditorium is enjoyed by the people of the Stroudsburgs as well as by the students of the college. This building does much to keep the college an integral part of community life. Many civic gatherings, community presentations, teachers workshops, etc., are held here. Many students support town and county presentations, and in turn, the townspeople are happy to attend student presentations. The building is important in promoting a genuine friendliness between the student population and the members of the community.

Started in 1937, our Thaddeus Stevens Chapter of the Student National Education Association today has one of the fifteen largest chapters in the Nation. It is a professional organization through which membership in the college association includes local, state-Pennsylvania Student Education Association, and Student National Education Association. This year's program helped familiarize those in the field of education on such topics as history, ideals, programs, leaders, tenure, methods of our teachers' professional organization, and graduate study.

Affiliated with the international Student Christian Movement, our Student Christian Association is the only student organization on campus devoted to religious activities. The aim of the association is to acquaint the students with the various philosophies of religion. Being a non-sectarian group, the association presents a varied and flexible program. This program includes inspiring religious films, speakers connected with some phase of Christian education, and student panel discussions. Its membership is open to all men and women students who seek to better understand the meaning of Christian fellowship.

## *In Memoriam*

The Lord is my shepherd . . . Yea though I walk through the valley of the shadow of death . . . I will dwell in the house of the Lord for ever.

Terry E. Hawk, born November 26, 1936, in Berwick, Pennsylvania, passed into God's Kingdom January, 1957. He lived in the Nescopeck Area all of his life.

As a student of the Area schools he was class president for his four high school years; a Varsity letter winner in soccer, basketball, and baseball; co-editor of the school paper; the May King at the school's annual May Day fair; and active in plays and the Glee Club.

Terry was a confirmed member of St. Mark's Lutheran Church and attended church and Sunday School regularly. During the summer of 1954 he served as a counsellor at Camp Ministerium in Shawnee Valley, north of East Stroudsburg.

TERRY E. HAWK

East Stroudsburg State Teachers College was his next goal. He entered in the fall of 1954. Terry was a secondary education student majoring in history and minoring in English. Earning a varsity letter in soccer and baseball, he became a member of the Varsity "S" club on campus. He participated in various activities and functions, and was a staff member of the newspaper, the Stroud Courier.

When a junior, twenty years old, Terry and four of his companions met an untimely death. Although Terry was young in years, he was mature in life and his good nature and friendly smile made him wealthy with friends.

Attending social events, here with Doris Weyand at the Valentine Freshman Dance, and group membership, a Stroud Courier staff member, characterized Terry's personality.

Dress Day,  
Good luck to one of the smallest girls I know! I hope  
I can do ~~do~~ my job just as good as you did in Clarks-Summit  
Thank you for letting me borrow your Easter outfit for F.T.A.  
Don't mind all my mistakes - I've been out all day.
